INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Woodbine Municipal Light & Power
Woodbine, Iowa

I have audited the accompanying financial statements of Woodbine Municipal Light & Power, a component unit of the City of Woodbine, Iowa, as of and for the fiscal years ended June 30, 2010 and 2009, as listed in the table of contents. These financial statements are the responsibility of Woodbine Municipal Light & Power's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

As discussed in Note 1A, the accompanying financial statements present only the transactions of the Woodbine Municipal Light and Power fund and do not purport to, and do not, present fairly the financial position of the City of Woodbine, Iowa, as of June 30, 2010 and 2009, and the changes in its financial position, or, where applicable, its cash flows for the fiscal years then ended in conformity with U.S. generally accepted accounting principles.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Woodbine Municipal Light & Power as of June 30, 2010 and 2009, and the results of its operations, changes in net assets, and cash flows for the fiscal years then ended, in conformity with U.S. generally accepted accounting principles.

WOODBINE MUNICIPAL LIGHT & POWER
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010

In accordance with *Government Auditing Standards*, I have also issued a report dated August 13, 2010, on my consideration of Woodbine Municipal Light & Power's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of my audit.

Management's discussion and analysis is not required to be part of the basic financial statements, but is necessary to supplement the basic financial statements according to accounting principles generally accepted in the United States of America. Woodbine Municipal Light & Power has not presented management's discussion and analysis in these financial statements.

My audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplementary information on pages 18 through 21 are presented for purposes of additional analysis and are not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in my audit of the financial statements and, in my opinion, is fairly presented in all material respects in relation to the financial statements taken as a whole.

WOODBINE MUNICIPAL LIGHT & POWER
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010

1. Summary of Significant Accounting Policies

Woodbine Municipal Light & Power has operated as an independent entity since 1941 and is governed by a three member Board of Trustees appointed by the Mayor of Woodbine, Iowa. The Utility provides power and electricity to residential and commercial customers in Woodbine, Iowa and the surrounding community.

A. Reporting Entity

Criteria specified by the Governmental Accounting Standards Board have been applied in determining the scope of the reporting entity for financial reporting purposes. Specifically, those offices and activities over which the Board of Trustees exercises oversight responsibility are included in these financial statements. Manifestations of oversight responsibility over an entity include: (1) financial interdependence, (2) selection of governing authority, (3) designation of management, (4) ability to significantly influence operations, and (5) accountability for fiscal matters.

Woodbine Municipal Light & Power has been identified as a component unit of the City of Woodbine, Iowa. Woodbine Municipal Light & Power provides billing and collection services for water, sewer, gas and landfill charges for the City of Woodbine. However, these amounts have been eliminated for financial statements purposes. These financial statements do not reflect any activity or transactions of the City of Woodbine and do not present consolidated information.

B. Fund Accounting

The Utility, for financial statement purposes, includes the funds and operations applicable to Electric and Power services only. All financial activity is accounted for in a single enterprise fund. The intent of the governing body is that all acquisitions, operations and maintenance of facilities and services to the general public on a continuing basis be financed or recovered primarily by user charges.

C. Measurement Focus and Basis of Accounting

Woodbine Municipal Light & Power maintains its accounting records on the accrual basis of accounting. Under this method, revenues are recognized when earned and expenses are recognized when incurred.

Woodbine Municipal Light & Power applies all pronouncements of the Governmental Accounting Standards Board (GASB), as well as all Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, unless these pronouncements conflict with or contradict GASB pronouncements.

Operating revenues generally result from providing electric and power services, and maintaining and delivering those services in connection with ongoing operations. Receipts and disbursements not meeting this definition are reported as non-operating income and expenses.

WOODBINE MUNICIPAL LIGHT & POWER
NOTES TO FINANCIAL STATEMENTS - CONTINUED
JUNE 30, 2010

1. Summary of Significant Accounting Policies - continued

C. Measurement Focus and Basis of Accounting - continued

At June 30, 2010 and 2009, management considered accounts receivable to be fully collectible and, therefore, these financial statements do not contain an allowance for doubtful accounts.

D. Budgets and Budgetary Accounting

In accordance with the Code of Iowa, the Board of Trustees annually adopts a budget. The budget of the Utility is submitted with that of the City of Woodbine following required public notice and hearing. Budgetary information is presented on the cash basis, which is in conformity with the budgetary requirements for the Code of Iowa.

E. Deposits and Certificates of Deposit

Deposits and investments are stated at cost, which approximates market. Interest on deposits and investments is accrued in the financial statements. The Utility's deposits and certificates are covered entirely by federal depository insurance, or by the State Sinking Fund, in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds. Accordingly, Woodbine Municipal Light and Power had no investments meeting the risk categorization disclosure requirements of Governmental Accounting Standards Board Statement No. 3.

F. Inventories

Inventories consist of materials and supplies, and are valued at the lower of cost or market, based on the (FIFO) first in, first out basis.

G. Cash and Cash Equivalents

For purposes of the Statement of Cash Flows, the Utility considers all highly liquid debt instruments purchased with original maturities of 90 days or less to be cash equivalents. Natural gas and customer deposit accounts are not considered cash equivalents.

H. Capital Assets

Capital assets consist of land, capital assets and accumulated depreciation. Woodbine Municipal Light & Power does not maintain a formal capitalization policy. Generally, costs for capital assets, new plant, distribution, or substation systems with estimated useful lives of five years or more are capitalized and depreciated over the estimated useful life. Repairs and replacements of existing systems and assets with estimated useful lives of less than five years are expensed as incurred. Costs and accumulated depreciation on capital assets sold, retired or no longer in service are deducted from the respective asset and accumulated depreciation accounts, and any gain or loss is recognized at that time. Construction period interest, if any, is not capitalized.

WOODBINE MUNICIPAL LIGHT & POWER
NOTES TO FINANCIAL STATEMENTS - CONTINUED
JUNE 30, 2010

1. Summary of Significant Accounting Policies - continued

I. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

J. Off Balance Sheet and Concentration of Credit Risk

The Utility's receivables are due from residential and commercial customers for providing electric and power service. None of the receivables are collateralized. The Utility's cash and investments are currently maintained in at one local depository institution. To date, these concentrations of credit risk have not had an effect on the results of operations of the Utility.

K. Compensated Absences

Utility employees accumulate vacation and personal leave hours for subsequent use or for payment upon termination, retirement or death. These accumulations are recognized and accrued when earned. Sick leave is also accrued; however, sick leave is not paid upon termination, retirement or death.

L. Reclassifications

Certain amounts in the June 30, 2009 financial statements have been reclassified to conform to the June 30, 2010 presentation. Such reclassifications had no effect on changes in net assets as previously reported.

2. Deposits and Investments

The Utility is authorized to invest public funds in interest bearing accounts at any bank, savings and loan association, or credit union, in the State of Iowa, which is approved by the State Treasurer and properly declared as a depository by the Board of Trustees; obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Trustees, Iowa Public Agency Investment Trust and certain other investments with prior approval by the Board of Trustees.

Deposits and investments are stated at cost, which approximates market. Interest on deposits and investments is accrued in the financial statements. The Utility's deposits and certificates at June 30, 2010 and 2009 were entirely covered by federal depository insurance, or by the State Sinking Fund, in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The Utility had no investments meeting the risk categorization disclosure requirements of Governmental Accounting Standards Board Statement No. 3.

WOODBINE MUNICIPAL LIGHT & POWER
NOTES TO FINANCIAL STATEMENTS - CONTINUED
JUNE 30, 2010

4. Pension and Retirement Benefits

Woodbine Municipal Light & Power contributes to the Iowa Public Employees Retirement System (IPERS), which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by state statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa 50306-9117.

Plan members were required to contribute 4.30% of their annual covered salary and Woodbine Municipal Light & Power is required to contribute 6.65% of annual covered payroll through June 30, 2010. Contribution rates and requirements are established by state statute. Woodbine Municipal Light & Power's required contribution to IPERS for the years ended June 30, 2010 and 2009 amounted to \$12,831 and \$11,855, respectively.

5. Budgets and Budgetary Accounting

In accordance with the Code of Iowa, Woodbine Municipal Light & Power annually adopts a budget on the cash basis of accounting, following required public notice and hearing. Accordingly, budget to actual comparisons are presented on a "non-GAAP budgetary – cash basis" in the accompanying financial statements. The adjustments necessary to reconcile the differences between the cash and accrual accounting methods are as follows:

	<u>2010</u>	<u>2009</u>
Changes in cash – budgetary basis	\$ 161,415	\$ (10,986)
Depreciation expense	(49,201)	(48,016)
Net increase (decrease) in investments	(322,426)	23,419

WOODBINE MUNICIPAL LIGHT & POWER
NOTES TO FINANCIAL STATEMENTS - CONTINUED
JUNE 30, 2010

6. Bonds payable

Woodbine Municipal Light and Power issued electric revenue bonds on February 1, 2003 in the original amount of \$360,000.00 in conjunction with an upgrade of a substation transformer. The bonds are scheduled to mature on June 1, 2013. Interest on the bonds ranged from 2.35% to 4.25%, and is due semi-annually. There were no additions for June 30, 2010 and 2009, respectively. Principal payments are due June 1 of each year, and amounted to \$160,000 and \$35,000 for June 30, 2010 and 2009, respectively.

	<u>Balance</u> <u>06/30/09</u>	<u>Proceeds</u>	<u>Principal</u> <u>Paid</u>	<u>Balance</u> <u>06/30/10</u>
Electric revenue bonds	<u>\$ 160,000</u>	<u>\$ -</u>	<u>\$ 160,000</u>	<u>\$ -</u>
	<u>06/30/08</u>	<u>Proceeds</u>	<u>Paid</u>	<u>06/30/09</u>
Electric revenue bonds	<u>\$ 195,000</u>	<u>\$ -</u>	<u>\$ 35,000</u>	<u>\$ 160,000</u>

Woodbine Municipal Light and Power paid off the electric revenue bonds on June 1, 2010. Accordingly, there were no debt service requirements on the electric revenue bonds payable as of June 30, 2010.

7. Net Assets

Net assets generally consist of the following three categories:

Net assets invested in capital assets, net of related debt - are capital assets, net of accumulated depreciation, reduced by related outstanding notes, bonds, or other debt.

Restricted net assets - are net assets which result when constraints or restrictions are placed on the use of net assets. The restrictions are generally imposed by external lending sources or by law.

Unrestricted net assets - are those assets not meeting the definitions of the two preceding categories. Reservations of unrestricted net assets may be imposed by management; however, reservations do not restrict net assets in any manner.

8. Risk Management

The Utility is exposed to various risks of loss related to torts; theft, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. Woodbine Municipal Light & Power assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims from these risks, if any, have not exceeded commercial insurance coverage in any of the past three fiscal years.

WOODBINE MUNICIPAL LIGHT & POWER
NOTES TO FINANCIAL STATEMENTS - CONTINUED
JUNE 30, 2010

9. Joint Ventures

Woodbine Municipal Light & Power is a participant in the Missouri Basin Electric Cooperative Association (MBMECA), a joint venture for the construction and maintenance of power lines from the Northwest Iowa Power Cooperative (NIPCO). NIPCO constructed the power lines, and there are no dedicated lines. There is an agreement which guarantees Woodbine Municipal Light & Power the right to draw power over the lines at a raw power cost without transmission charges. The Utility shares the joint venture with twelve other municipalities and the percentage of ownership varies from year to year. The Utility cannot recover any investment from MBMECA unless authorized by MBMECA, or if MBMECA ceases operations. In addition, the financial statements of the joint venture are kept on, and are audited on, a calendar year basis, and therefore are not comparable to the Woodbine Municipal Light & Power's June 30 fiscal year end. Accordingly, the investment in the joint venture is not reflected as an asset in these financial statements. Payments by Woodbine Municipal Light & Power to MBMECA amounted to \$42,542 and \$52,770 for the fiscal year ended June 30, 2010 and 2009, respectively.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Trustees
Woodbine Municipal Light & Power
Woodbine, Iowa

I have audited the accompanying financial statements of Woodbine Municipal Light & Power, a component unit of the City of Woodbine, Iowa, as of and for the fiscal year ended June 30, 2010, and have issued my report thereon dated August 13, 2010. I conducted my audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered Woodbine Municipal Light & Power's internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Woodbine Municipal Light & Power's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of Woodbine Municipal Light & Power's internal control over financial reporting.

My consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance all deficiencies, significant deficiencies or material weakness have been identified. However, as described in the accompanying Schedule of Findings, I identified certain deficiencies in internal control over financial reporting I consider to be material weaknesses and a deficiency I consider to be a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility a material misstatement of Woodbine Municipal Light & Power's financial statements will not be prevented or detected and corrected on a timely basis. I consider the deficiencies in Woodbine Municipal Light & Power's internal control described in the accompanying Schedule of Findings to be material weaknesses.

Internal Control Over Financial Reporting – continued

A significant deficiency is a deficiency or combination of deficiencies in internal control which is less severe than a material weakness, yet important enough to merit attention by those charged with governance. I consider the deficiency described in the accompanying Schedule of Findings to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Woodbine Municipal Light & Power's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Comments involving statutory and other legal matters about Woodbine Municipal Light and Power's operations for the fiscal year ended June 30, 2010 are based exclusively on knowledge obtained from procedures performed during my audit of the financial statements of Woodbine Municipal Light and Power. Since my audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

Woodbine Municipal Light and Power's responses to findings identified in my audit are described in the accompanying Schedule of Findings. While I have expressed my conclusions on Woodbine Municipal Light and Power's responses, I did not audit the Woodbine Municipal Light and Power's responses and, accordingly, I express no opinion on them.

This report, a public record by law, is intended solely for the information and use of the Board of Trustees, management and employees, and other parties to which the Woodbine Municipal Light and Power may report. This report is not intended to be and should not be used by anyone other than these specified parties.

I would like to acknowledge the courtesies and assistance extended to me during the audit. Should you have any questions concerning any of the above matters, I shall be pleased to discuss them with you.

WOODBINE MUNICIPAL LIGHT & POWER
SUPPLEMENTARY INFORMATION
SCHEDULE OF FINDINGS
FOR THE FISCAL YEAR ENDED JUNE 30, 2010

Part 1- Findings Related to the Financial Statements:

Internal Control Deficiencies:

- (A) Segregation of Duties - An important aspect of any internal control structure is the segregation of duties among employees to prevent individual employees from handling tasks that are incompatible. I recognize that, because of limited staff, the Utility is not able to segregate all incompatible duties.

Recommendation – I communicated to the Board of Trustees and management the importance of trying to obtain the maximum segregation of duties and the need to make improvements to the control structure where warranted and feasible. Because of this weakness, I communicated to Board of Trustees the importance of their administrative review of financial transactions and reports.

Response – Management and the Board of Trustees are aware of the reasons for the need to segregate incompatible duties where possible and of the need for administrative review. Management and the Board of Trustees will continue to make improvements where possible and will continue to perform administrative reviews of the transactions and reporting.

Conclusion - Response accepted.

Part II – Instances on Non-Compliance:

No instances of non-compliance were noted.

Part III - Other Findings Related to Required Statutory Reporting:

The following comments about the Woodbine Municipal Light & Power's operations for the year ended June 30, 2010, are based exclusively on knowledge obtained from procedures performed during my audit of the financial statements of Woodbine Municipal Light & Power. Since my audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

- (1) Official Depositories – A resolution naming official depositories has been adopted by the Board of Trustees. The maximum deposit amounts stated in the resolutions were not exceeded during the year ended June 30, 2010.
- (2) Certified Budget – For the year ended June 30, 2010, amounts budgeted for expenditures exceeded actual disbursements, as required by the Code of Iowa.
- (3) Questionable Disbursements - I noted no disbursements that, I believe, may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979.
- (4) Travel Expenses – No expenditures for travel expenses of spouses of the Utility's officials or employees were noted.

WOODBINE MUNICIPAL LIGHT & POWER
SUPPLEMENTARY INFORMATION
SCHEDULE OF FINDINGS - CONTINUED
FOR THE FISCAL YEAR ENDED JUNE 30, 2010

- (5) Business Transactions – No business transactions were noted between Woodbine Municipal Light & Power and the Utility's Officials, employees, or related parties which would require disclosure.
- (6) Bond Coverages - Surety bond coverage of the Utility's officials and employees is in accordance with statutory provisions. The amount of coverage is reviewed annually to insure that the coverage is adequate for current operations.
- (7) Board Minutes – Woodbine Municipal Light & Power's investment policy requires that three competitive bids be obtained when investments are made. The minutes did not clearly indicate that competitive bids were obtained as required by the policy. No other transactions were noted that I believe should have been approved in the Board minutes but were not.
- (8) Deposits and Investments - I noted no instances of noncompliance with the deposit and investment provisions of Chapter 12B and 12C of the Code of Iowa and the Utility's investment policy.
- (9) Revenue Bonds – I noted no violations or instances of noncompliance with the provisions of the electric revenue bonds payable.
